2 Declaration of Members Interest.

To enable members to declare the existence and nature of any Disclosable Pecuniary Interest and Non-Statutory Interest as defined by the Members Code of Conduct in respect of:

- a) Any business on the agenda,
- b) Any urgent additional items to be considered,
- c) Any matters arising out of those items and if appropriate, withdraw from the meeting at the relevant time. Interests that become apparent at a later stage in the proceedings may be declared at the time.

3. Public Speaking – A period of not more than 15 minutes will be made available for members of the public and Members of the Council to comment on business on the agenda.

1 member of the public was present - Jonathan Tipton of Bolsover District Council was present as part of the public speaking part of the meeting I've been working in Pleasley & New Houghton for a number of years including Wednesday nights in the summer holiday here in New Houghton in addition to the extreme wheels funded sessions ran via this Council. Police noted a marked decreased in local issues over the 6 extra sessions in the community with 184 contacts made. Community Safety Sessions – if users don't follow the rules in our sessions, we can bar young people. Local young people would like an outdoor skating area (MUGA) or somewhere indoor in the winter months – like an informal warm space – Bar / Pub Environment. The Pleasley sessions are difficult because of the tight access with the Terrace Lane hedge, coming in with a trailer and 4 x 4 – and busy road. The sessions are for young persons 9 years (School Years 5/6 and above). New Houghton is better supported. Both events are attended by different young people with kids not going to both, this year we've had 6 sessions in New Houghton and 4 in Pleasley. Kids tend to currently use TikTok social media, with 2-3 staff on each session. The cost will continue to be £3200 for 10 sessions 1 day a week for Parishes. Evening sessions from Easter - Oct costing £9.048 for 46 weeks £14352 as we have to supply the room in autumn/winter. The area of space required for MUGA is about 30 x 20 metres, different types of activities – concrete and modular ramps MUGA – concrete is relatively indestructible costing £250,000.
